Comments

We have recently started a Facebook group for our Chapter. We are working on tax exempt status. We will continue to support the HASTI conference. We participated in the February 2011 Conference. We were informed that HASTI will not occur in 2012, but the National Science Teacher Conference will be held in Indianapolis. Our chapter would like the support of the national HPS for this event. We sent a bid to host the annual HPS meeting for Indianapolis and are waiting for feedback. It is the understanding that we are up for the 2015 National Meeting. During the Fukushima event in Japan, a number of members served as informational sources for local and national media.
