Comments

November 2013 we went on record as cosponsoring the meeting organized by the Greater St. Louis chapter in Columbia, MO. The meeting was aimed at Health Physicists practicing in the state of Missouri specifically since one speaker addressed updates in implementation of State of Missouri RP regulations, and some of our Chapter members also practice in the State of Missouri. Three attended from the western edge of Missouri. :-) It was a

dark and stormy day, and a worse time driving back west in the evening, so it was understandable if we didn't have a larger presence from the Mid-America Chapter.
