Comments

The Southern California Chapter of Health Physics Society had undergone a number of years lacking active support and membership. The revival of the chapter began in August of 2007 and the collection of dues for the first time in many years occurred at the beginning of 2008. A full set of officers and board was created in August. The current focus of the board/officers is on the review/revision of the chapter by-laws. The next election is anticipated for the end of 2008 in order to incorporate new officers/board at the very beginning of 2009.

This Chapter report was created on 8 July 2008 by Nathan Duff.
