Comments

As I indicated last year, the officer corps tried very hard to get the chapter restarted, but the lethargy of the membership has effectively blocked their efforts. The current officers have indicated that they will keep trying, but they are beginning to become frustrated with the lack of membership response to their efforts. As of the moment, we have plans in the works for three meetings next year: one based on Industrial/Power Plant Health

Physics, and the second oriented toward medical physics/radiation protection. As we always try to do, we will also be inviting the new President-Elect to visit the chapter. Nothing is firm yet, but the details will be forthcoming. Reginald Ney Chapter Executive Secretary/ Treasurer *NOTE* Schwahn added "Annual" report type to the April entry based on conversation with Chapter leadership.
