## Comments

The CRMCHPS has been working closely with its Colorado State University Student Branch in selecting topics and speakers, often sharing speakers (on different topics) between the CRMC evening dinner meeting and the daytime CSU HP Program guest lecture series. The CRMC also has met jointly with the NIOSH Mountain and Plains Education and Research Center and invites local NRRPT Registrants and ANS members to attend its meetings. Dr. Thomas E. Johnson, CSU Student Branch Advisor is an energizing force for both the Branch and Chapter. Elizabeth Gillenwalters, past Branch President, was rappointed Chair of the HPS Ad Hoc Committee on Student Support. Check out articles in Health Physics News and the Branch's Facebook page: Colorado State Health Physics Program to follow their adventures. This collaboration and joint meeting of the CRMCHPS, HPS CSU Student Branch, NIOSH MAP ERC, NRRPT, and ANS has been very successful for our Chapter. The NIOSH MAP ERC has provided free meeting facilities and arranges for a soup and/or deli sandwich buffet that allows the Chapter to keep dinner charges at about \$10 per person. These meetings are held at the Anschutz Medical Campus of Aurora, CO. As is traditional for our Chapter, its spring annual 1/2 technical meeting was held at the Student Center of CSU. This encourages participation by the CSU students, who present some of the best papers of the meeting. President-elect Kathy Pryor was the dinner speaker for this meeting.

This Chapter report was created on 6 July 2011 by Nancy M Daugherty.
