

2009-2010 Health Physics Society Fellowships

The Health Physics Society (HPS) announces the availability of the following fellowships to support full-time entering or continuing students enrolled in bona fide US graduate programs in health physics or a closely related field. The prestigious Burton J. Moyer Memorial Fellowship was established by the Northern California Chapter of the HPS to memorialize the late Burton J. Moyer and to encourage his ideals in the study of the safe use of radiation for the benefit of all people. The award consists of a stipend of \$8,000. The Robert S. Landauer, Sr., Memorial Fellowship consists of a stipend of \$6,000. The Robert Gardner Memorial, Richard J. Burk, Jr., and J. Newell Stannard Fellowships each consist of a \$5,000 stipend. Two additional HPS Fellowships are also presented each year, consisting of a stipend of \$5,000 each. All HPS and named fellowships are accompanied by a travel grant to be used to attend the HPS annual meeting in the year awarded. All fellowship recipients are required to attend the awards dinner during the annual meeting. Award winners will be notified on or about 15 April 2009 so that travel arrangements can be made in advance. Previous HPS Fellowship holders are ineligible. Foreign nationals are welcome to apply.

Any awardee who is also awarded a DOE, NRC, or other fellowship which is fully funded (stipend, books, tuition, etc.) is strongly encouraged to decline the HPS Fellowship at the earliest possible date so that these funds may be given to another deserving student. Students funded on research or teaching assistantships are eligible for these HPS fellowships. The decision to decline or accept the HPS Fellowship should be made in consultation with the Faculty Advisor.

Name: _____ Phone: _____

Address: _____ Fax: _____

City, State, Zip: _____ Email: _____

Items to be submitted:

1. Submit copies of all undergraduate and graduate transcripts. Summarize information in the table below

	Institution	Dates	Major	Credit hours	GPA*	Degree
a.	_____	_____	_____	_____	_____	_____
b.	_____	_____	_____	_____	_____	_____
c.	_____	_____	_____	_____	_____	_____
d.	_____	_____	_____	_____	_____	_____

*Express GPA on a scale of A=4.00; if other, please specify scale.

2. Submit a copy of your GRE score report. If you cannot take the GRE in time for the scores to be included here you may submit a copy of SAT scores. Summarize the data below:

GRE scores: Quant.: _____; Anal.: _____; Verbal: _____

3. Provide a one-page statement about your personal career goals, including a statement about your intent to enter the field of health physics
4. Submit a summary of your health physics curriculum outlining the proposed course of study, a description of the courses to be taken, and the proposed timeline for graduate study. The plan of study **must** be signed by your faculty advisor and include that individual's contact information. Applicants for the HPS Fellowships for entering Graduate Students need not have been formally accepted by the program at the time this letter is written.
5. Provide two signed and sealed letters of recommendation from people attesting to your potential for graduate study in health physics.

The fellowship applications and all supporting materials into a single packet and mailed with a postmark no later than 1 March 2009 to: Tim Burt (TBurt@burkinc.com), HEALTH PHYSICS SOCIETY, 1313 DOLLEY MADISON BLVD, SUITE 402, MCLEAN VA22101; phone: 703-790-1745; fax: 703-790-2672.

Applications packets that are not 100% complete will not be considered.
