

## Health Physics Society Student Travel/Worker Grants 2009 Midyear Meeting

The Health Physics Society (HPS) announces the availability of travel grants and travel/worker grants for health physics students planning to attend the next midyear meeting of the HPS. To be eligible for this award a student must be a current member of the HPS, must be an undergraduate or graduate student in health physics or a closely related field with an area of concentration in health physics, and must have a strong health physics career interest.

The award will consist of complimentary meeting registration, complimentary hotel room (if needed, based on shared accommodations), and funds to assist in travel to the annual meeting. Working at the meeting would involve up to four half-day sessions during which the student would assist in running projectors, setup, etc. Students who receive the travel grants will have the following responsibilities: (1) students must attend the student orientation meeting on January 31, 2009 and (2) must complete all work assignments. **Failure to satisfy the above mentioned requirements for any reason will result in forfeiture of the travel grant.** The granting of an award and the actual amount of travel funds will depend on the number of applicants and the distance needed to travel to the meeting. In order to be eligible a student must be in one of the following categories (check all that apply):

- ☐ Students presenting a paper and willing to work; OR
- ☐ Student-members of the sponsoring South Texas Chapter willing to work the meeting.

**The travel grant application and all supporting material must be e-mailed as a PDF file no later than 1 October 2008.** Award winners will be notified by 15 November 2008. Students who are given this award play a vital role in the overall management of the meeting. Consequently, students who for any reason cannot attend the meeting must notify Tim Burt at the HPS Secretariat as soon as possible either before or after an award notice is received.

Interested students should fill in the form below and send it to Tim Burt (tburt@burkinc.com), Health Physics Society, 1313 Dolley Madison Blvd. Suite 402, McLean, VA 22101; phone: 703-790-1745; fax: 703-790-2672.
